THE DREAM OF AN OVERCOMER

PROPHETIC-DELIVERANCE SOLUTION SURGERY
With Dr. Pauline Walley-Daniels

Dr. Pauline Walley-Daniels

Appreciation:

To God be the glory, great things He has done. His name be praised and exalted in our lives and endeavors. Great is Jehovah God the King of Glory. Amen!

- All praise and adoration be unto the Lord, for raising me up to be His unique vessel, a receptacle from which He drinks and pours out His spirit and presence unto the human race across the nations of the world.
- His name be exalted, for protecting and keeping me from the arrows that fly by day and the terror by night.
- His name be glorified for giving me the heart that rejoices and the mouth that praises him in all that I say, think or do.

There are so many people who deserve appreciation within and outside my environment. I will forever be grateful for everything done for me directly and indirectly. There are different ways of showing appreciation. My style is different from others, yet the most important thing about appreciation is when it flows from the depth of the heart. I may not mention everyone's name, yet I appreciate you. Know that, your love, care and support for me has risen up to the Lord as a sweet aroma from a sacrificial offering.

Special thanks to all my spiritual and adopted sons and daughters, mentors and encouragers, as well as friends who have been very faithful and supportive

in every facet of my life's endeavor. Especially these Intercessory Warriors at the Firing Zone of my ministry who consider me as their mother and mentor: Rev. Peace Tackie, Rev. Althia Rowe,

Hello children, God has blessed me with unique fertility so I give birth to babes by the hour. I have a huge family of children, grands and great-grands irrespective of age. In case your name is missing, you are not forgotten. Possibly my fingers were so fast that the computer couldn't cope with my pace...hahaha...Lol! I still love and care for you. My breast milk is forever flowing with milk like rivers of living waters. My ginger sticks are forever fresh and very hot... Wow! Just keep loving me... It is well with our soul.

Finally, my beloved biologicals: My precious dad – the Bishop E. Walley. Thanks so much for being there for me while my mother – Felicia sits in our glorious mansion in heaven. Your long prayers is like a water fountain in the midst of the ocean. Don't stop praying for the Lord has blessed you with rivers of living waters and trees like tropical rain forest. You are loved and cherished. To my two younger sisters – Belinda Walley Shalders (SweetBel) and Eleanor Walley Taiwo (SweetEl), may the Lord continue to hold our hands together in the vineyard of the gospel, besides our family dreams; for the sake of our mother's desire for the salvation and redemption of souls.

To my brothers – Benny, Fred, Ken and Ray with your wives and children, you are loved, cherished and well appreciated.

The Deliverance War:

This year may have proved to be a very difficult year for me, but it has also been

Archbishop Joseph Alexander
New Covenant Christian Center

a year of winning battles. At the end of every major prayer fast, the enemy rears an ugly song of temptation that enabled me to be tried in the fire of promotion beyond American dream. As the Psalmist says, "Yeah though I walk through the valley of the shadow of death, I will fear no evil... I shall tread upon the snakes and scorpions, but nothing shall by any means hurt me..." (Psalms 23 & 91). When the Lord presented 2014 to me as the Year of Deliverance and Completion, I didn't realize that it meant a season of wars. I have been fighting battles, but this year, I have practically lived on the war-fields, as deliverance ministration is a warring zone against the powers of darkness, workers of iniquity, satanic hosts and hostesses, demonic agents assigned around ministerial duties. Hence, Satan goes to church and sits amongst the brethren and pretends to be an angel of light to deceive the brethren.

The battle has not been easy because of lack of knowledge that is blinding the churchgoers from knowing and accepting the truth. Pride and ego is robbing many from dying to self. The fruit of the Spirit no longer means anything to the pulpit and the pew. Self and deceptive handshakes with deceitful hearts are penetrating our church environments. The extent of deliverance wars is deeper than human utterances can explain. Insecurity and suspicion do not allow sincere love to be embraced in our environment. Arrows of false accusations, lies, suspicion, insecurity, are constantly been thrown against committed and dedicated hearts. The righteous ones are afflicted for declaring the truth against the wiles of the enemy. Hmmm! The realms of deliverance warfare are not ordinary. It is a place of observing spiritual protocol with conscious efforts to practice the act of purification, sanctification and justification. Unless a person is consciously prepared, one would be living a life of lie and compromise to please the world of deception, while the presence of the Lord is sabotaged.

In the midst of the war, my sweet mother and the greatest intercessor in my life – Auntie Felicia relocated to her permanent heavenly address in glory to enjoy the mansion prepared for her by our Lord and Savior Jesus Christ.

My Life Declaration:

- I am unstoppable for the advancement of the Evangelistic Deliverance Revolution.
- I am unstoppable for the Women Deliverance Revolution Army.
- I am unstoppable for the Prophetic-Deliverance Solution Surgery.
- It is a deliverance revolution confrontation and warfare.

The one who dips a hand in the plow and looks back is not fit for the battle to possess the kingdom. The king of heaven suffers violence and the violent must take it by force. It is time for war against the works and workers of iniquity.

PAVEL ANNOR

Dr. Pauline Walley (my godmother) is a true woman of God. All throughout her life, God has placed a calling upon her life; to become one of his servants, to unite people, and to be a soldier in battle against demonic forces. She is always kind and helpful. I feel a strong connection with her all the time. But most importantly she is family.

PAULYNANNOR

Dr. Pauline Walley is an amazing woman of God who is making the world a better place to live. Not only is she an amazing evangelist and deliverance minister, she is also a loving mother. I am obligated to be her god-daughter because she is very caring. Auntie Pauline is a second mother to me because she cares for me as if I am her own child. She prays and is willing to do anything to support my family spiritually. Auntie Pauline is also a mother to many others all

around the world. She also has a special anointing upon her life that cannot be taken away. She is called by God to help lead people to Him and to lead a Godly

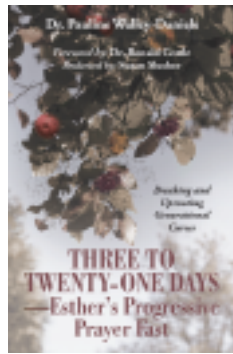

life. We are all grateful for Dr. Pauline Walley. Happy Founders' Day, and may God continue to bless you.

MR. SAMUEL AND MRS. MAVIS ANNOR

Auntie Pauline as we have always referred to her, has been a spiritual counselor to us. She is a mother and a friend. Our children Paulyn, Pavel, and Pawell are named after her because we saw something amazing in her. We always tell her that we don't need an appointment to call or see her because "the president's son will always refer to the president as 'my father'." On this special day we just want you to know we are proud of you. God bless you and we truly love you.

KAY COULTER

Having worked with Pauline Walley for over a decade in editing many of her books, I have come to love and admire her and her ministry. She truly seems to be anointed by God and through her ministry has been instrumental in bringing light to the dark places of the soul, reminding us that we "are a chosen generation, a royal priesthood, a holy nation,

His own special people, that [we] may proclaim the praises of Him who called [us] out of darkness into His marvelous light" (1 Peter 2:9 NKJV). May God continue to bless Overcomers' House Prophetic Deliverance Church.

BISHOP E. WALLEY

CONGRATULATIONS!
Dr. Pauline Walley-Daniels started her ministry at a tender age while she was in school. She was so trustworthy that I never visited her in the school for five years because there was no need for me to do so.

She is so honest and sincere that I knew she would always do the right thing.

The first man I knew with her is Pastor Daniels. The headmaster of her secondary school so much trusted her that any religious activity in the school was her full responsibility. She started by gathering students together for Bible studies and prayers and begun traveling outside the country even while in school to my surprise without asking for money from me. With money Pauline was very much trusted even in the church she attended. There was a time I traveled out of the country and she was able to run my school very effectively. The establishment of her ministry is a mystery beyond my

comprehension, Therefore I think the best thing I can do on this august occasion of the Anniversary of the establishment of your ministry is to pray for you and ask for more and more blessings from our Lord God Jehovah. May the spirit peace and power of God continue

to be with you. His goodness and mercy abundantly follow you. His favor and assurance of his presence be your comfort, lead you and increase you in faith wisdom knowledge and understanding, happiness, Joy and gladness, long life and prosperity. Amen.

Bishop E. Walley, Accra, Ghana.

Dr. Pauline Walley-Daniels is a charismatic Christian author, minister and an authority in deliverance ministry.

Through her many years of ministry from Africa, to Europe, to America and Asia, she has been a great influence on the lives of many believers and leaders across the globe.

I had the divine privilege of meeting Apostle Pauline about twenty years ago when I was dating her younger sister now my beloved wife of 16 years. I call he Apostle because I believe she has been called an Apostle to the nations and body of Christ.

As her nature has always been, she will always help everyone in any form if its within her power. Almost ten years ago the Lord led my

Testimony:

TESTIMONY:

I was 8 years into life when I came to the Pauline Walley Evangelistic Ministries (Overcomers' House). Dr. Pauline was the head evangelist and leader of the church and that's as much as I knew. If you ask me what I remember the most about her from that time, you'd think I'd chosen the most bizarre things to hold on to, but it's not without reason. When we (the youth) were younger, we were allowed to stay in the back – this was away from the preaching. We took this opportunity to play all types of games: red light, green light, freeze tag; you name it, we played it. Sometimes the games would get so intense causing us to get rowdy. You couldn't blame us because that's what kids do. From time to time some of the adults would come to the back to tell us to be quiet. That went on until the service was finally over. Unexpectedly right after service Dr. Pauline came to the back with her ruler and told us all to stretch out both our palms. She went around striking each one of our palms with her ruler. When the last palm was slightly pink she told us that we were not supposed to be making noise during the message; we were supposed to listen to it just like the adults did.

Looking back now I can't believe that I had the guts to interrupt God as He spoke (through His vessel). Sorry Lord. Dr. Pauline often emphasized and continues to emphasize on correction. My

memory is pure evidence that she stands by it. And although my 8 year old self knew her as Evangelist Pauline, my 22year old self calls her mama. She made sure she didn't spare her rod to spoil this child.

MINISTRY:

One of the things I've come to really love about Dr. Pauline is that often times before she dives into her message, she gives us a back story on what she and God discussed before or while she was preparing her message. Each time she lets us in on these encounters, it makes God feel more real. It's interesting to know what God wants to tell His people and how He makes sure that His message is clear. And we know that when God speaks Dr. P listens; He commands and she obeys.

When the word of God is presented by Dr. P, she digs into the Bible reaching depths, I didn't know could be reached. When she does that she makes it applicable. For example, the story of Jacob and Esau(Genesis 25). These guys were twins, Esau came out first then Jacob followed. Long story short, one day Esau was so hungry to the point that he willingly sold his birth right to Jacob in exchange for stew. The point is not to argue over who was right and who was wrong. It's to emphasize the importance of being careful with your blessings. Desperation should never convince you to sell your destiny over something foolish; regret is one of the worst feelings. Remembering that message makes me carefully consider the decisions I make no matter how small they are.

SCHOOL:

Besides teaching at the pulpit, Dr. Pauline also teaches at the Pauline Walley Deliverance Bible Institute (PWDBI). Being that I'm usually around helping out with office work,

most times I get to be part of the class. This has been an advantage as well as a disadvantage, because once a topic that answers my questions, be it personal or as a result of not understanding what I've read in the Bible, is brought up I could no longer focus on what I was initially doing. I'd be listening and jotting down my own notes. Dr. Pauline didn't know she had an extra student- me. She's able to keep her students engaged and interested in what they're learning because she presents the subject matter with enthusiasm and passion. She's also one to make a few jokes, so expect to laugh.

RELATIONSHIPS:

You can always find Dr. Pauline around the youth majority of the time. She keeps us encouraged, jokes with us, and corrects us when her good old' ginger (don't worry it burns, but it's nothing we're not used to). She's the reason many of us have developed our gifts and talents: singing, dancing, playing instruments, writing poetry, etc. Had she not been strict with us the way that she was when we were younger, things would definitely be different from what you see now. Dr. Pauline loves her youth, but she never forgets her other sons and daughters. She's down to earth and is able to relate with EVERYBODY, no matter how old, young, or stuck in the middle you are. One quality that makes her ability to relate to people is the fact that she doesn't hold any grudges. She'll say, "Before I get offended, I have already forgiven." It's hard not to love her right?

SOD WORLD CONVENTION:

If you want to see Dr. Pauline in full action, come to the School of Prophetic-Deliverance World Convention in Newark, New Jersey! When January rolls by she always manages to surprise

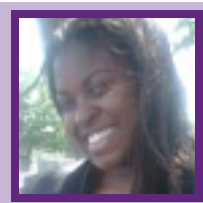

me. Everything about her is different, especially her energy. I've been able to go to every convention year after year, and I can tell you that for someone not to show an ounce of weakness or any sign of tiredness is beyond me. Keep in mind that there are three sessions for three days (morning, afternoon and evening). I don't know how she does it, it's truly all God. I can't say I'm completely clueless as to how she comes up with the topics she covers during the NJ convention. God of course is responsible and we thank Him greatly. Last year from what Dr. Pauline taught, I learned that donated items and gifts are good things to receive, but care

must be taken because the origin of some those items are unknown to us. People end up making themselves prisoners of war unknowingly because of the history connected to the donated items. Some objects, especially if old or used, may be linked to witchcraft, death, and other evil spirits. This is to simply say that people can become prisoners of war through the gifts they receive. I learned ultimately that when problems start to invade our lives we shouldn't automatically jump up to go to war. The first step is finding out what the cause is. Is it me? The youth take the convention to be a little get away trip from home, so we

were able to escape a few things- the 5am intercessory fire zone was not one of them. Last year Dr. Pauline made sure the youth were active during intercession. We prayed hard and intensely most of the time, but we also helped with the organization process, in making sure everyone got prayer and so forth. There was a great deal of action, which was good because it helped us stay awake, especially those of us who chose not to sleep that night; the other youths know what I mean.

PWEM Editorial Secretary and Youth Vice President.

SCHOOL OF PROPHETIC-DELIVERANCE WORLD CONVENTION

Naa-Afi Tackie

For the past years, God has been moving tremendously in New Jersey. God gave Dr. Pauline the vision to start a convention titled "Open the Floodgates of Heaven"; indeed the floodgates were open every year. Every year we experience a fresh anointing; nothing is ever the same each year. I have attended the World Convention for eight years, but God has attended for nine years. Even though I did not attend the first convention, I heard testimonies about the presence of God flooding the place so I had to attend the following one. I have been going ever since. God uses Dr. Pauline and the leaders of Overcomers' House to minister to each person there. Dr. Pauline teaches a new message each

year and, every year the messages are incredible. The messages are sweet; it is like one eating a very rich fruit on a hot day. Just like how the fruit calms the body, the messages calm the soul. God speaks directly to me through the messages Dr. Pauline preaches. The woman of God breaks down how to apply the messages to your everyday situation. There is also 48 hours of intense deliverance. During these hours, Dr. Pauline and the ministry goes into deep, intense warfare on our behalf and pray for the Lord to deliver us from every shackle, chain, whatever the situation may be. I have been made free from setback and failure in New Jersey and my name will never be associated with those negative characteristics again. I look forward to what God is going to do in New Jersey every year. God also uses the youth of this ministry to bring down the presence through praise and worship, song minis-

tration, dances, and more.

The hotel also provides breakfast and lunch; in that way, we do not need to go out and purchase food. This is great because it saves us some money. This is a great package!

I strongly encourage everyone to take off for New Jersey next year; you will never be the same again. Please contact the ministry or see the website for more information. Tell your friends and family and let them also experience the move of God at the 10th Annual World Convention.

Youth Secretary, Overcomers' House. Bronx NY.

VOICE OF LEADERSHIP

gifts) and anointing into the ministry.

Dr. Pauline Walley-Daniels' heart desire has been to pass on the baton of ministry to the next generation. This is evidenced in her investment in the youth of Pauline Walley Evangelistic Ministry. Her passion is to see to it that the next generation has a deeper zeal for Christ and the work of the ministry. This legacy has been successfully impacted on all the members of her ministry and members of the body of Christ that she comes in contact with in her evangelistic missions.

Dr. P has been endowed with the divine mandate of spoiling principalities and powers in the name of Jesus wherever she goes by ministering and teaching deliverance and even the maintenance culture of a delivered Christian. I for example, did not just receive my deliverance from Dr. P's ministry, but was taught how to maintain my deliverance as well as how to minister deliverance! Through Dr. P's ministry, I received several ministerial trainings and am able to know that she believed in me enough to ordain me the pastor of

Overcomers' Prophetic Deliverance Church. Dr. Pauline's life is a life of passion for souls and for Christ and I thank God for her mission, vision, and ministerial advancement. She is indeed a blessing to Pauline Walley Evangelistic Ministries and the whole world, Christians and non-Christians alike. God Bless you mama!

EVANGELIST NGOZI KALU

Hello everybody, Dr. Pauline has always been a blessing to me. The way God has been using her in my life is just incredible. Just recently, I was delivered from what I did not know was a witchcraft attack, during the Daniel's Fast. As we were on the prayer line praying, Dr. Pauline asked if anybody had any prayer requests. Nobody said anything. She said since no one had a prayer request that she would pray for everybody. As she prayed and the Lord showed her that somebody was under a witchcraft attack and the person's right arm was covered with

rashes. I knew that it was me, but I didn't say anything. These rashes on my right arm have been there for over a year. The doctor has prescribed every kind of cream and I've used some stuff I bought for it, but nothing worked. But brothers and sisters God is good, because after she finished praying for particular attack, by the morning I saw a great change. I am free! Thank you Jesus! Thank you Lord for doing this through Dr. Pauline!

HOW DR PAULINE'S MINISTRY HAS IMPACTED MY LIFE

God who orders our footsteps and directs our lives brought me to meet Dr. Pauline Walley-Daniels in 1998. Coming from a Catholic background, I did not have any inclination about deliverance ministrations, prophecies, and most important; the WORD of God. With my background as a catholic I knew that there must be something more to life and my relationship with God than I was taught. With the dynamics of Dr. Pauline's ministry I knew I was at the right place. She is a great teacher, author, counsellor, and a very passionate spiritual leader and a woman of God with a very unique anointing on her life. I attended and graduated from some of the numerous courses provided by the

school of deliverance which included: Self-ministration and how to identify traits in our lives; and how to use the Word of God as a weapon during warfare -be it generational or ancestral curses. These trainings made me understand the importance of spiritual coverage. When I was getting ready to be married, Dr. Pauline was our marriage counselor. She did very thorough and detailed sections with us. I never heard of 'post' marital counselling, but we had one with Dr. Pauline a few months after marriage. She helped us evaluate our marriage and where we would like it to go. Dr. Pauline has been our spiritual leader. After marriage I had to move to Canada to be with my husband, it was a hard decision for me because I had to leave my two chil-

dren (ages 25 and 28years) behind. Though they are young adults it was still not easy, but I knew I was leaving them with Dr. Pauline as their mother. As an author she has written so many books on deliverance, how to identify curses, generational curses and how to uproot them. One of my favorite books is the "Strategic Deliverance Solutions". I have used this book personally with my children and seen how the power of God works through his word. Her life and her ministry have had such a positive influence on my life and the lives of my family.

VOICE OF LEADERSHIP

REV. PEACE TACKIE

I met Dr. Pauline in 1997 and it was a divine meeting. It was prophesied that I would work with a woman of God and when we met this word began to manifest and unfold. You have taught me a lot about ministry and deliverance and have been the best spiritual leader and mentor to me. The Bible says in Proverbs 18: 16 that "A man's gift maketh room for him, and bringeth him before great men." (KJV), and your variety of gifts have certainly done that for you. The Lord has blessed you with gifts in every area from writing books to music to counseling, to poetry, praying, and so much more. I admire your wisdom so much. The way I have seen you handle some tough situations lets me know God is truly with you and he has blessed you with a wise heart and mind. Your coun-

sel and advice are wise and when I follow what you tell me, I always see that your advice works. You are a true woman of God and someone I can rely on. I can turn to you at any time of the day and I know your arms are open to me. The role you have played in my spiritual life is immeasurable. Prior to meeting you, my prayer life was basic but under the guidance of Dr. Pauline I have advanced spiritually to new heights and my walk with God is much more intimate. Having you in my life and the life of my children has been more than a blessing and words cannot describe. We salute you and honor you, May God encourage you and continually and progressively promote you in Jesus name. Rev. Peace Tackie, Resident Pastor and Coordinator of Deliverance Services

REV. ALTHIA ROWE

Dr. Pauline Walley-Daniels (A True Woman of God). I have known Dr. Pauline since 1998, I have come to love and respect her.

There are many who will say do as I say but not as I do. But Dr. Pauline lives by the word she speaks.

As a Minister of Pauline Walley Evangelistic Ministries, and have seen many people come and go. Many have shown love and appreciation, but also some have despised and hated the woman of God; showing that not all Christians or Ministers carry the love of God. Yet I have seen Dr. Pauline even when she has been whipped with many tongues, when her character has been dragged through the mud; she has stood tall. I have seen her run to the rescue of the very ones that have nails the put nails in her heart. I have

seen her interceded for them, bring her leaders together to intercede for them as the Lord God Almighty reveals or lay upon her heart.

There are many times I look at her and wonder; who is this woman? God must have thrown away the mold after creating her. The love of God, the spirit of forgiveness come alive in her to show the covenant she made to God and continues to abide by.

Dr. Pauline may the Spirit of God; continue to be seen in you. And may the Light of God continue to shine through you. Continue to be a beacon of light to the body of Christ standing tall for Jesus Christ.

It feels as if it were just yesterday when in 1997 I walked into a hall packed with people in an African fellowship meeting. As

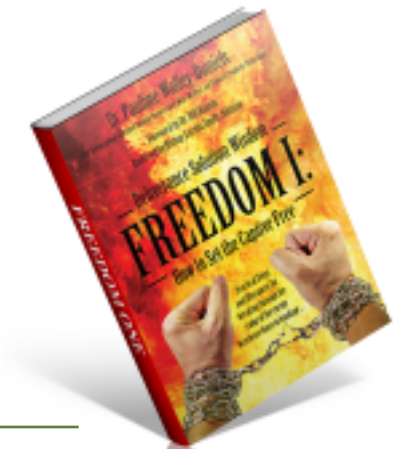

soon as I walked in, I could feel the strong presence of God. The anointing issuing from her voice captivated me, and I could not stop awing at the power and confidence with which this "little girl" was preaching the gospel.

That was the birth of my relationship with Evangelist Pauline Walley. As time grew on and our relationship progressed, the name and title with which I referred to her has changed from Evangelist Pauline Walley to Dr. Mrs. Pauline Walley- Daniels and then to simply "mama."

Knowing and working with Dr. Pauline Walley-Daniels (Dr. P) has been a blessing and a great learning experience for me. I met Dr. P a long time ago and over the years her relentless fervor and desire to train others for the work of the ministry is evidenced in my ministerial advancement. Dr. P has been my mentor, my teacher, intercessor and spiritual mother. In my personal challenges, she has always been there. I always say

that Dr. P does not hesitate to mourn with those who mourn; more importantly she avails herself to be used by the Lord in bringing forth solution to the glory of God. I met Dr. P about two years after I received Christ. I'm a beneficiary of her deliverance ministry. Dr. Pauline Walley-Daniel exemplifies the lifestyle of Christ through her willingness and readiness to share her God given wisdom with other people to grow the kingdom of God and diminish Satan's kingdom. She translated this willingness into the phrase "overtaking is allowed." She invests her time and anointing into anyone who is thirsty for the work of the ministry, and gives such people the liberty to contribute their talents and gifts (especially ministerial

Endorsement

In my 29 years of pastoral ministry, teaching and preaching around the world, I have had opportunity to note, first hand, many peculiar ideas and strange practices (from the senseless to the absurd) being employed and erro-

neously tagged as "deliverance ministry". It seemed that just because it was difficult for many to determine what the enemy was doing their illogical conclusion was that demonic strongholds require the mysterious to bring about deliverance. Not so.

In Freedom: How to Set the Captive Free, Dr. Pauline Walley-Daniels has succeeded in presenting a clear-cut methodology that completely satisfies and handles the in-depth issues, the minute details and the persistent nuances of demonic influence and the various categories in which they present. I am confident that God is continuously glorified in this work, for very rarely does one delve into the level of detail that Dr. Walley-Daniels has around the ministry of deliverance. The information and its presentation, has inspired me to personally use and revisit this subject in its entirety.

I know the devil has to hate her, for she has hit the nail right on the head, exposing issues that are usually dealt with as a sub-topic or an over-viewing broad category. Writing with a precision and accuracy that will target, expose and annihilate the power of the enemy, she has not used theory, but rather, biblical references and biblical methods that address real-life situations and conclude in genuine results.

This book is for anyone who is leery about being kooky and strange. This book is for everyone who is leery about being biblically sound. This book

is for all who desire the ability to capture, document and verify the miracles of deliverance ministry--so that God

Bishop Loretta P. Smith-Johnson

gets the glory!

I highly recommend *Freedom: How to Set the Captive Free*, as a textbook, guide and handbook. I would say that it is impossible to be effective in deliverance ministry without this measure of information.

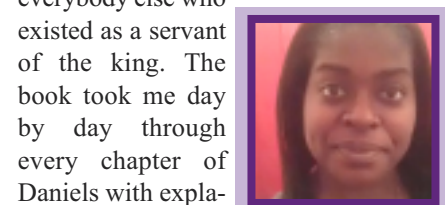

Thank you, Dr. Pauline Walley-Daniels, for being such a prolific author, and for yielding to the process of being so lead by God not to just make the enemy hide, but to break his back and route him.

Book Review: Grace Tackie
Title: Daniels Progressive Prayer Fast, Lord make me over
Author: Dr. Pauline Walley-Daniels

The Daniels Progressive Fast book released in 2010 is my favorite thus far. Honestly at first the book wasn't my favorite because it came with a sacrifice, the book was asking me to fast. Not just give up food for a period of time oh no that wasn't it. The Daniels fast required me to abstain from everything I considered delicious, and can only eat vegetables, fruit, and fish for 10 days. You can

imagine my reaction as a 17 year old kid who loves sweets and fast food and all that. I was thinking to myself that Dr. Pauline did it again? She is challenging us to something that seems almost impossible. Well, nonetheless I accepted the challenge because I had one of my own. I was applying to NYU (New York University) and they were telling me seven days before the submissions date that they have received only part of my application and I was being regarded as an incomplete applicant. I thought how this could be, I sent everything to them 4 months ago and I had copies of everything in my records and school records to prove it. I resent the application but by the time they received it they told me it was too late. This book explained how Daniel purposed in his heart to serve God and God blessed him and the Hebrew boys with wisdom and favor above everybody else who existed as a servant of the king. The book took me day by day through every chapter of Daniels with explanations, prayer points, and even actual prayers. Day one, two and three of the fast was no joke. I was so tempted to eat my favorite meals like fried chicken and jollof rice. It was so ironic that as soon as I started this intense fast all of a sudden everyone was offering me food, parties in school with free food and I was like oh man I want some! Well I kept with the fast and made carrot sticks my best snack and ate salad but I imagined chicken in my mind as I ate my fish. In chapter 8 of the book Dr. P tackled the topic of favor in times of rejection and that was exactly what I was fasting for. Even though I was rejected I needed favor before the university's admission council. Along with the prayers in that chapter and Daniel 6: 1- end, I prayed and used my new found authority to decree and declare the things that are not as though they were. After this fast I felt like I conquered the world, 10

days of strict diet and intense prayer was well worth it because 2 months later I was accepted to the university despite the late application and am now a graduate of that very school, Glory to God! I still use this book and I'll even tell you a secret, I heard a part two is coming out to this book and I got my salad and fish and Bible ready to take on the next Daniel fast!

Lord make me over is another prayer book. It's a guide on how to pray and how to renew your character, attitude behavior and personality in the Lord. My mother is in love with this book. I would say mom what are you talking about! I said this because she said the book was her prayer partner. My first question was "Does this book requires me to fast again?" She laughed and said, "Not this time." I had to praise God for that because my stomach was still a little upset with me from the Daniels fast. I was intrigued by the title *Destiny Solution Prayers: Lord Make Me Over*. My mom read this book hand in hand with the Bible and was highlighting, taking notes, and always praying. Sometimes in life we don't get to accomplish what we want when we want but it is never too late. This book allowed me and her to self-examine ourselves, rearrange some things, and start a new journey in allowing the Lord to make us over. Now, from the looks of it, my mom was really made over because everywhere she went the light green cover of this book was seen in her hand and her endless prayer points during time of prayer. The best thing about the book was that it tackled serious issues in a very understanding and relatable way. My mom and her new found prayer partner could not have been more excited when the updated version to the book was released. I teased her and would say that I know the Lord was in their midst when she prayed because the three of them (my mom, *Destiny Solution Prayers: Lord Make Me Over, and Destiny Solution Prayers: Lord Make Me Over updated version) had gathered to pray.*

MENTORING RELATIONSHIPS"

DR. RON COTTLE

It is with great pleasure and joy that I write this endorsement and congratulatory message on behalf of my spiritual daughter, Dr. Pauline Walley-Daniels. Dr. Walley-Daniels is a prophet and apostle who has been used of God both in the United States and abroad, especially in her native Africa, in a mighty way. She is a prolific author of many books on the power and grace of God. Her ministry through writing has impacted thousands around the world. Her prophetic confer-

ences are not only deliverance and spiritual growth opportunities, but also teaching and soul-building experiences for the many hundreds who attend. Her own school of the Bible and Prophets is a strong center in New York for the training and release of ministries who go on to abound in their own rights. God bless you, Dr. Walley-Daniels. May you enjoy many more Founders' Nights and many more years of fruitful ministry.

REV. GLADYS YEBOAH

Praise the Lord, it is a pleasure to testify about Dr. Pauline Walley-Daniels. I met her in September 2000 in Chicago at Morris Cerullo World Evangelism (MCWE) Labor Day Conference. As an usher, she would come and ask for a seat on my row of assignment. Sometimes she gets a seat and other times she would have to go somewhere else.

We seem to be meeting at the conferences and she would ask me to reserve her seat next to mine. I always did. Eventually, we became friends in September 2007 when both of us were ordained in Washington DC by Dr. Morris Cerullo at the Elijah Institute. My association with Dr. Pauline has been one of a mentor and also a sister. I live in London, UK and she lives in New York, USA, yet we communicate regularly. We pray and minister to one another on the phone etc.

In June 2012, Dr. Pauline was on the trip with MCWE European Conference in London England and Israel. She had a book table at the conference. I was so excited to see how many books she had written, Oh, I went wide, and bought all the books she had. I was quite surprised in knowing how many books she has written. Her books have helped me to minister and counsel. I found her to be jovial and also down to earth to meet the needs of all kinds of people. Who is easy to talk to and stops to listen to you and counsel when necessary. We both are in the MCWE prayer team, and we both lead prayers during the conferences.

Dr. Pauline, am very proud of you and thank God that I know you. You deserve the honour being accorded you. Please enjoy it. I wish I could be there physically, but am with you in the spirit. God bless you my friend.

est example to try and follow, but there is comfort for me to have somebody in my personal life that is not only able to correct, but show me my errors from a spiritual and biblical dimension.

Recently I was in a conference and a man of God was preaching a message called "Who is the man (person) in your life?". Asking is there such a person in your life? A person who can call you and rebuke and correct you anytime without worrying if they offend or dent your pride, for the right reasons? Person who can call you to attention in every area of your life? In my life Mama Pauline has such a place. Mama Pauline has written somenumber books. There was a time I was in New York and I overheard a conversation where somebody was saying, that she read all of Mama Pauline's books and then tried to catch her out by seeing if she would read or do as she has written in her books and at every tone she has been true to what she has written in the books, so not only does she

write the books herself but she believes and practices what she writes without variation. Another example is how her public character is the same as her private one.

In 2011 I was seeking the face of the Lord for confirmation on a number of issues, one was if I was indeed in the right Ministry, because I didn't feel that I was making the kind of progress I should have been making for Christ. In the last twelve days I got to a prayer camp, where I was sharing my room with a young man who worked at the camp. I had not discussed anything with him for him to know what I had been asking God. One evening we were sharing the word in our room. This young man said he had a word for me and it all kept back to Luke 4:18 King James Version (KJV) "The Spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty

them that are bruised." I was just looking at this young man and laughing in my head at the ways of God, because the scripture the Pauline Walley Evangelistic Ministries stands on is Isaiah 61:1-3

1 The Spirit of the Sovereign LORD is on me, because the LORD has anointed me to preach good news to the poor. He has sent me to bind up the brokenhearted, to proclaim freedom for the captives and release from darkness for the prisoners, 2 to proclaim the year of the LORD's favor and the day of vengeance of our God, to comfort all who mourn, 3 and provide for those who grieve in Zion-- to bestow on them a crown of beauty instead of ashes, the oil of gladness instead of mourning, and a garment of praise instead of a spirit of despair. They will be called oaks of righteousness, a planting of the LORD for the display of his splendor. Confirmation indeed I was in the right place, so if I qualified myself for any ginger I would just have to take it like that.

GHANA MISSION

This year I was fortunate to spend a number of weeks in Ghana with Mama Pauline, yes the Lord used her mightily, there were healings, words of knowledge and wisdom and deliverances. What really struck me this time from testimonies that I was being given on a one to one basis made me appreciate the gift of God that is Mama Dr. Pauline Walley-Daniels. It's great to see the ministry of Mama Pauline, sometimes we can be caught up in the moment, but I was reminded about the truly life changing nature of Mama Pauline's ministry.

We had a four day revival at a church in

Ghana, where one of the Pastors was assigned to drive Mama Pauline. So we had a lot time to chat to and from the meetings. He said Mama Pauline came and ministered at their church in 2005, he said at that time he was just a church goer. He confessed that, he was not really sure of his salvation at that time and at the end of the meeting Mama made an altar call for people to give their lives to Christ, and for those that had gone back to come and recommit themselves to Christ. He went out to the altar for the recommitment, and he had never looked back since, and is now a Pastor in the same

church, Glory to God!

We went to another branch of the same church, if not for protocol, the pastor there would have carried Mama on his back. He said the used to hold their meetings in a school class room, also back in 2005. Mama gave them several Prophetic words and each and every one had come to pass and on time, especially the prophetic words concerning that particular body of Christ and individual members involved. Praise God.

ROSE GRIMA:

"I was glad when they said unto me, Let us go into the house of the LORD"

Psalms 122:1

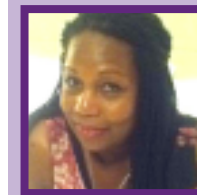

I was introduced to Overcomer's House by friends who had experi-

enced the ministry firsthand. After several years of receiving their monthly newsletter, I finally attended one of their deliverance conferences in January 2012.

This was a life changing event for me.

Being immersed in an atmosphere of total prayer, total praise, and total worship was sheer joy in itself. If you attend a strong Bible Believing Spirit-filled Church, I am sure you have experienced some degree of the joy of His presence. But what made the difference for me, was the focused intercession and warfare on my behalf. I have been under diverse spiritual attacks for about fifteen years. Although there were times of respite due to my own prayers and fastings, still elusive, was the decisive victory I battled and yearned for.

At the NJ Conference, I was privileged to be in an atmosphere of fervent prayers, heavy praise, and aromatic worship that summoned the weighted glory of God. So it was, in that charged environment, that Dr. Pauline Walley and her Liberation Unit went into combative operation to set This Captive free. My friends, there are 'prayer warriors' and

Rose Grima

then, there are 'spiritual militants'; God's mercenaries who will raise the gates of hell, unlock prison cells, to rescue, loose, deliver and release your soul from bondage. From that first day at the conference, I have been walking in freedom. Blessed be the Name of LORD.

I started attending the Evangelistic Deliverance Meetings held every Saturday from 2pm to 5pm, in The Bronx. There, I continued to experience this glorious saturation of God's Presence, and more deliverance. If you are in a hurry don't come. If you just want a quick fix don't come. If you desire genuine change, DO COME! Get desperate over your situation and come. Come and learn how to properly approach the Mercy Seat and get an audience with the King of Glory. Come, and learn how to do warfare and confrontation. Come. Learn how to fortify your own stronghold and tear down, and destroy the strongholds of evil. I invite you to come, and learn the nature of the war you are in, who your adversary is, and discover the root of your conflict. You may think that you are fighting a rogue demon, when in fact, you are caged under the onslaught of a principality. There is no need to suffer in silence. Overcomers House is a Caring Station. It is a ministry of care and attention. You will be lavished with Divine love all the way through your journey to wholeness.

For me, maintaining my deliverance meant equipping myself with knowledge necessary, not just to keep the devil at bay, but to live a conquering, overcoming life. (Dr. Pauline calls this 'en-

joying your salvation'). Thus, I immediately enrolled myself at Pauline Walley Deliverance Bible Institute. The status quo ante was not going to work for me. It is my responsibility to maintain my deliverance. My classes took me through other levels of deliverance, which was quite surprising to me. One day, I apologized for my frequent disruptions in the class, Dr. Walley-Daniels told me not to worry, as the classes were designed for students to experience deliverance throughout. I continued to have the same deliverance experience whether I was physically present in class, listening online, reading the assigned textbook (authored by Dr. Walley-Daniels) or even writing my final papers. I am still in awe, of the goodness of the LORD. Although it was quite an expense driving through 4 boroughs to get to school and Saturday services, the season of investment was well worth it for me. I thank God for the channels of blessing He used to bring me to this ministry, namely; Evangelist Paulette Allen and

Rev. Althia Rowe.
May the LORD grant you a hundred-fold return of blessings for your ministry to me and family.

Coming in contact with Overcomers' House also connected me personally, with the founder Dr. Pauline Walley-Daniels. When I attended the NJ Conference in 2012, I had no expectation or desire for new connections or relationships. However, God had something else in mind. Each minister and every one of the Overcomers Stars are uniquely treas-

ured in my heart. Each has touched my life and deposited precious seeds. This House is naturally a product, and reflection of its Apostle, Visionary, and Teacher: The Lady of the Hour, the Woman of Power, and the Matron of the House, The Founder and President Dr. Pauline Walley-Daniels. It has been a privilege to have experienced the impact of her ministry and to sit under her direct tutelage.

I have seen that her's is a disciplined life of devotion to faith and practice. Her discipline is also exercised in daily and nightly hours of prayer and days and weeks of fastings. I speak from personal observation, having spent 16 to 20 hours per week with her in a small class structure. Furthermore, at the end of my two year training, I had the opportunity to accompany her, as Pauline Walley Evangelistic Ministries embarked on a missionary journey to the nation of Ghana, West Africa. There, I saw the Apostle at work carrying out the rigorous demands of Prophetic Deliverance Evangelism.

Her training ground has no room for the slack, the slothful or the glutton. This fierce minister puts the 'multi' in 'multi-tasking'. The LORD be praised for the many souls that were saved and set free. Whole congregations and ministers in Accra, Achimota, Spintex and Nungua were greatly encouraged. To God be all the glory. Dr. Pauline was also refreshed and renewed in vision, to be back in her native land again.

Her personal life's ministry is characterized by selfless availability to the hurting, perishing, desolate, captive souls who contact her from far off regions of Africa, The Caribbean, The United Kingdom, and Asia.

So on this Founder's Appreciation Day it is my distinct honor to give a 21-Sword of the Spirit SALUTE to Jehovah Sabaoth's Commander of Deliverance Warfare; Dr. Pauline Walley-Daniels!

*Love Divine,

Great Woman of God, There is so much to say about this Great Woman of God. She is a blessing to the body of Christ. I do believe that God has called her for such a time as this. Dr. Pauline Walley is an anointed woman of God who walks in the office of a Prophet, Pastor, teacher and an Apostle. She believes there should always be order in the body of Christ. Dr. Pauline Walley is a prayer warrior that believes in interceding on behalf of the people and setting people free from demonic bondage from the enemy. I had the privilege of meeting her many years ago and she has blessed my life. The Lord has used her to help me to locate my family on my father side and because of that I have a younger sister. God is good for his divine intervention and using His servant Dr. Pauline Walley in my life.

1. Who is Dr. Pauline Walley Daniels?

Dr. Pauline Walley-Daniels is known by many traits, titles, and characteristics. Dr. Daniels is a determined warrior. She is a small bottle of strong prophetic evangelistic deliverance. However, she is also an overall captain and leader of any ship that needs guiding to port. She is a force that cannot be reckoned with, only because the presence of God is always surrounding her. She is a person who anyone can go to, because they

know that with all her many years of experience helpful advice will be given to them. She is a mother to many, not only to her youth but also to any new member who needs an earthly parental guide or influence. She is a provider of knowledge, peace, encouragement, and strength to get through the bad times. Whenever I am going through struggle all I need to do is just sit where she is and just listen to her speak in tongues. I know it is weird but when you are near Dr. Daniels, or as we youth of PWEM call her Aunty/Mama Pauline, all the time (and I do mean all the time), hear-

ing her speak in tongues is like a welcome home hug. She hugs you with the presence of the Lord and the feeling of calmness, happiness, focus, strength or even encouragement is just placed upon your heart.

Dr. Daniels will always tell you that she started ministering at the age of 13 and that she wants you to do better than her – even greater. That is who Dr. Daniels is, she is someone who wants everyone to grow and excel around her. Like any proud and successful parent she just does not want you to stop while the iron is hot – or when she sees you on the right path for your destiny. As a youth of PWEM or Overcomer's House, I experience her love, determined spirit and heavy ginger every day. Experiencing

DEAC. NORA GREEN (Dr. Pauline the Power House)

Dr. Pauline Walley Daniels since knowing her, I've watched her in her very powerful teaching and evangelistic ministry. Dr. Pauline is such a sincere and humble woman of god whom god himself has handpicked her to do this kind of deliverance service to the world. To me she is a chief surgeon in deliverance, and I guarantee you, if you watch and water whatever this power house of a woman SAYS AND INSTRUCTS YOU to do, your life will be forever Chang. I

am speaking from experience, because of disobedience and procrastination, I did not do what was instructed of ME guess what happen, EVERYTHING around me turned totally for the worst. Thanks be to god for second chances and submission, my joy my peace of mind and recovery in my life in s backs on track, which is a working progress, for this small but powerful person, GOD is doing and sending her into uncharted territory in wisdom in HIS WORD that

this Christendom has never seen or heard in this very special way that GOD is speaking to her. I thank god for her because now I want to only know the life of Christ even more to encourage myself. Salvation + deliverance make life sweeter with all his blessings. Thank you Dr. Pauline for holding my hand through it all.

REV. ELIJAH & MRS. GIFTY SAFORO

Rev. Dr. Pauline Walley-Daniels is a Mighty Woman of God who has been a great blessing to me and my entire family for many years now. Her encouragements, smiles and kind words uplift us all. She is a role model to her generation and many generations to come.

Most of her books have brought deliverances and breakthroughs to many families. The Anointing upon her life is unique. She is truly the virtuous woman the book of Proverbs 31 speaks about; “A virtuous woman, who can find? She is energetic and strong, a hard worker. She makes sure her dealings are profitable; her lamp burns late into the night. Her hands are

busy spinning thread, her fingers twisting fiber. She extends a helping hand to the poor and opens her arms to the needy.” (Vs. 10, 17-20) You are truly a General in the Army of our Lord. I love you dearly and may our Lord continually bless you and make all your heart desires come true. May he also take you to higher heights of Ministry above what you have already accomplished.

Together with my family, we say Ayekoo (well done) for all your achievements and also thank you for taking time off your busy schedule to honor God's Servant, Rev. Elijah Saforo, my husband on his 50th Birthday. The day you were born, it was announced in the corridors of the Heavens and in the at-

Lord Jesus Christ as I travel around. Mama Dr. Pauline Walley-Daniels is the great woman of God, the Almighty has planted in my life.

My first meeting with Mama Pauline was when I enrolled in one of her courses which was recommended to me by the great Man of God, that the Lord has put in my life Prophet Diallo Opong who himself was a student of Mama Pauline. I quickly enrolled on a second course, after completion of which, looking back I can now describe my reaction as being a little bit like that of the Samaritan woman at the well with Jesus. I

wanted to go tell everybody to come see and hear teaching of the word of God with power, signs and wonders. So when I got back to England I started to look for opportunities where we could invite mama to come and share the word with us, as I saw the need for mama's ministry in England.

By special favor of God, he made a way for Mama to be in England and I began to get to know the Great woman of God as a person, about Mama's life outside the pulpit. What stands out about Mama is that her life outside the pulpit is a reflection of what she teaches in the pulpit. I can tell you that it is the hard-

SARAH BENTLEY

I met Dr. Pauline Walley-Daniels many years ago when she came to minister in a church I used to attend in New Rochelle. I was inspired by Dr. Pauline Walley-Daniels, a highly anointed servant of the Most High God who understands the power of prayer. The Lord God Almighty anointed, equipped and used Dr. Pauline to "heal the sick, raise the dead and let the oppressed go free". I was also inspired by one of the many books she wrote Maintaining His Presence in Trials and Temptations. That book really ministered to me during my situational crisis as it taught me how to maintain God's presence through that situation and through the temptations and trials I was faced with during that specific time. I was drawn to Dr. Pauline Walley Evangelistic Ministries as a re-

istry, seeing we have the same office of operation. She has a record, proven, tried and tested ministry and the proof is there. I didn't want to just go under anyone, after prayer the Lord opened up the doors and I just walked in.

We have to know when God opens up a door for you to walk in them. There are

result of the manifestation of how prayers and intercession changes situations in our lives.

During the 21 days Daniel Fast which commenced on August 1, 2014 when we were seeking God for among other things wisdom. I was experiencing repetitive dreams and visions that I could not interpret. I know that interpretation of dreams belongs to the Lord God Almighty but God used Dr. Pauline Walley-Daniels to interpret my dreams and visions. I told Dr. Pauline what I dreamt and she informed, warned and prayed with me against the plans of the enemy and how the enemy would use my coworkers to embarrass, disgrace, demote and suspend me without pay from my job. That Thursday morning in

times and seasons in life that you don't miss out on opportunities. I have missed a lot in life by carelessness but God in His mercy opened up another door.

Thank you Dr. Pauline. I am grateful.

particular I arrived late for the Intercessors Firing Zone, but Dr. Pauline did not turn me away but instead ministered to me, prayed with me and instructed me with strategy on how to nullify the plans of the enemies. Two days later I witnessed the manifestation of the plans of the enemies unravel before my eyes on my job. My repetitive dreams and visions that Dr. Pauline interpreted manifested. To God be the glory I had the victory in that situation because of a highly anointed woman of God such as Dr. Pauline Walley-Daniels who God used to "tear down the strongholds of the enemies and let the oppressed go free".

I would like to take a moment to congratulate Dr. Pauline Walley-Daniels on the hard work that she has done and continues to do. She has impacted my life in such a way that words just can't explain, God used her to save my life and deliver me from death and destruction. I am so thankful for her life and the sacrifices

she's made so far. It's just amazing the love and kindness she shows to everyone. It takes a "true" woman of God to display such wonders on earth. Congratulations again! Dr. Pauline Walley-Daniels.

Hello fiends in Ministry,

I am presenting to you an anointed vessel of God that God has used to touch and impart His power in my life. Our paths crossed in 1997 during a divine connection and since that time, Dr. Pauline has been a blessing to me and my family. God has used Dr. Pauline to conduct personal deliverance ministrations to me and my life is yielding proofs of positive results. Dr. Pauline, my family as a whole appreciates you for your continual love to all the children of God that are connected one way or the other to Dr. Pauline Walley Ministries. I will also take this opportunity to thank you for all the timely advice and

her ginger is her special form of discipline – do not worry it's always for our own good.

2. What is PWEM (Pauline Walley Evangelistic Ministries AKA Overcomer's House)?

As an Overcomer's youth, I can definitely say that our ministry is a home. I have heard a lot of times that our ministry is: a family type of ministry (where you feel like you are brothers and sisters), a ministry where The Lord's presence is there, and also where the youth are very active in the ministry. Overcomer's House is a house that trains you for the future. If you need counselling, we not only have Dr. Daniels but also our many leaders who have the experience and knowledge. If you need volunteer work, oh we definitely have that because the youth participate in a lot of office work, yard work and putting together fundraisers. I am a part of the teaching committee, public relations committee, and many more – just having that I am the Head of the Children's Sunday school on my resume helped me obtain a job in my field of Elementary Education. My fear of public speaking disappeared because Dr. Daniel not only has the youth on the Praise and Worship team but she also assigned us on a mission to preach messages for two months in 2013 and it still continues.

Overcomer's House is a place that will change your life and after many years of going there, and Dr. Daniels making sure the youth were actively involved in the ministry, I cannot imagine spending my days anywhere else. The ministry is a place where you find that missing piece to the puzzle of your life. All of this was and is possible because Dr. Daniels answered and accepted the calling of ministry upon her life at the age of 13. Thank You Dr. Pauline Walley-Daniels!!

I met Dr. Pauline at the age of two. Coming to a new church, I didn't know what to expect, however, I am glad that I became a part of this ministry. Ever since I came to this ministry, my life has never been the same. Dr. Pauline and the ministry has come a mighty long way. I remember the days when we used to rent people's basement just to worship; glory to God we have our own place we call home. Dr. Pauline has and still treats me like her own child. She supports me, prays for me, and scolds me like a mother does. She trained me musically and I can stand in front of this church and lead praise and worship. She invested her precious time in my life and I thank God that she did and never gave up on me. Dr. Pauline is a strong mother and I pray that God will continue to increase her, bless her, and take her to higher realms where she has never been before with the Lord. Thank you Auntie Pauline for everything that you have done in my life; words cannot express how grateful I am.

Dr. Pauline has always been a positive impact in my life. Yeah! At times we bump heads but at the end of the day we are able to forgive and work through everything. As a little girl I started going to Pauline Walley Evangelistic Ministries Overcomers' House, I was amazed at the way Dr. Pauline preached and ministered unto people. While growing up, I encountered a lot of issues and problems nothing that a preteen couldn't handle. At that moment I wouldn't talk to anyone and at some point I found myself in Dr. Pauline's office and she helped me out with what I was going through. As a young adult, all

those things that amazed me about Dr. Pauline still amazes me today. She is a Youth herself and she understands what we are going through and knows how to help us out even if we are scared to ask for help or afraid for what the outcome will be. I am very happy that Dr. Pauline is being honored and appreciated; she has been a great inspiration to all of us in our lives. She has not only helped me but she has helped out many, many, many other people in the church and outside of the church. She is a great blessing unto us and I am proud to call her my mama. I Love You Dr. Pauline and Congratulation's!!!!!!!

To My beloved Mother Dr. Pauline Walley-Daniels, by Grace Tackie

Where to begin I don't know but I have to thank God because the works of His hands are awesome. When He made you Dr. Pauline Walley or as I like to call her Auntie Pauline, He created a blessing. It's about time we get to honor my mama! I've been waiting for a chance to make known my appreciation and love for you. Auntie Pauline, you are a mentor, a mother, a teacher, and evangelist, deliverance minister, and so much more. Your impact on my life has been immense from the age of 6 you brought me up with prayer, the Word of God, and my favorite praise and worship. You have helped me develop life lessons and advised me in everything from family to academics. While in high school you helped me get into the National Honor Society, in applying to college you helped and advised with wisdom and prayer that helped me attend NYU (New York University). You taught me administration, organizational and leadership skills and you continuously still work with me in advancing my career by always pushing me to do more, not to stop and be complacent. You are so knowledgeable and well rounded, no matter

the subject, you are able to help and if you don't know she will always research it and find out from someone who does. In all your getting you must get understanding just as the Bible instructs. You brought me up as a child to be interested in music and jumpstarted me into learning piano and you invested in me to develop my voice. I am so in love with music as a way of praise and worship to God, it has helped me in times of challenges and celebration. These are tools taught to me by my amazing mommy

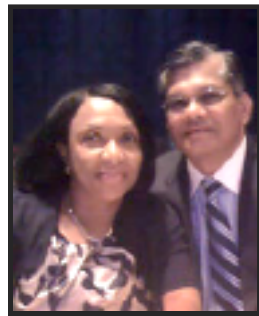

Aunty Pauline. You are my destiny pro- peller and I could never imagine life without you. Your correction which we call ginger is hot, so spicy. It stings when I am receiving but once I survive it I realize how grateful I am for it. I look at my life and those of my peers and others I grew up with and I see the difference. Your guidance and mentoring with discipline and in the way of the Lord has kept me from doing so many wrongs things. I am so excited for this chance to celebrate and honor you because you de-

serve it. The world celebrates their celebrities so we need to celebrate this shining star. Aunty Pauline, I love you. May God richly bless you, lift you up, honor you, enlarge you, prosper you, elevate you, replenish you, guard you, and satisfy your heart desires.

I first met Dr. Pauline in 2010. At that time I was going through many challenges in my life. After my counseling session, Dr. Pauline directed me to one of her books entitled *Ministration to Self and Others*. With the guidance of the leaders at Overcomers House and the word of God I was able to overcome many of my challenges. Since that time I have been an avid reader of several books written by Dr. Pauline. The writings are

so practical and relevant to life that I encourage anyone seeking solutions to use her books in conjunction with the Holy Bible. Through Pauline Walley Evangelistic Ministries I have experienced the beginning of restoration in various areas of my life. I thank God for Dr. Pauline and her ministry. They are truly the epitome of a God sent. Sis. Balinda John, Brooklyn, NY

EVANGELIST GILBERTE BLAME

About 14 years ago, I became a born-again Christian through Overcomers House Ministry. Nobody invited me to the house, but the Holy Spirit arrested me one summer afternoon when I was coming back from a hair salon. God has challenged me to step out of my safety zone and to meet a virtuous woman.

Who can find a virtuous woman? For her price is far above rubies." Proverbs 31:10

When I met Dr. Pauline, she struck me as the most spiritually mature young

lady that I had ever met. She was a solid, focused woman of God who always seeks and receives from the Lord. I was most impressed with the power of her prayer life, her deliverance and healing ministry. She also was a very bold witness for God.

Her consecrated life as well as the life of her church members attracted me as a newly converted Christian. I thought she was physically beautiful, but I knew that I needed somebody who was primarily spiritually strong as a mentor. I saw

that becoming a member of her church would be a great, incredibly powerful enhancement of who I could be, as a servant of God.

Through overcomers House I learned to pray, fast, live a godly life and have a fear of God.

It's been a joy knowing someone that I know the Lord has prepared to bless me in so many different ways of my life.

life as a young upcoming minister, she did. The ministration was different from what I had seen. Her book *Receive and Maintain Your Deliverance* was the beginning of my Genesis. What a powerful, detailed and anointed book it is. This book opened my eyes into deliverance. I saw things differently and the book ministered to me. My life was changed. The Lord ministered to me to sow a shoe into her life but at the time she was leaving I had no money so I was to mail the shoes to her but I didn't until God brought her back to me in 2012 to finish the assignment. It was then that I fulfilled my pledge and my appearance had changed so much that she didn't even recognize me.

You know the enemy doesn't want you to be equipped with knowledge in the things of the spirit and into deliverance.

God wanted me to get plugged into her ministry for my total deliverance but I kept pushing back.

I knew there was something about her ministry that God wants me to take notice of but things kept coming up.

Our third encounter was when God brought us together again at the just ended School of Ministry in Chicago with Dr. Morris Cerullo conference and I knew this is it. A divine encounter, when you're entering into a full time ministry you need someone to mentor you, you have to be under a covering, and you need a backup. Not just from anywhere but God directing you to the place where you need. He said in Jeremiah I will give you pastors after my own heart.

The prayer I prayed before I went into this conference was answered by God

Thanks to the Faithfulness of Jehovah, and her constant intercession for us, THE WOMEN DELIVERANCE REVOLUTION ARMY CONFERENCE -Maryland 'USA was launched in March 21 -22nd 2014, with great testimonies of deliverance from the spirit of untimely death, healing from long standing afflictions, demonic harassment and restoration. Through Her ministry, we have been tremendously blessed, spiritually, physically and otherwise. In 2009 while I was visiting my family in Africa, the

devil planned death for me not to return to USA, but because we have a mother who deeply cares and love her children, whether they are at home or away from home, THE OVERCOMERS DELIVERANCE ARMY that is the whole church waged war against the devil and intercepted his devilish plan. My names are PamelaNfor-Azoh. I want to take this opportunity to thank the Almighty God for his signs, wonders and miracles in my life. The Lord connected me to the womb of Dr. Pauline Walleyand Overcomers House, and since then my life has never been the same. When I read Rev. Ebere's testimony in the Esther's Progressive Prayer Fast book authored by Dr. Pauline, I thought she ended where mine started. Since for the past four year that my womb became connected to Mama Pauline's womb, I got delivered from bad relationships. I was engaged to the wrong guy who I had picked out for myself. Immediately I met Mama Pauline, she ordered that the ring be taken off which I resisted and within sixty days the guy went wild into the worldly jungle, remarried the ex-wife, and on 02/22/14 I finally got married with a bundle of joy on the way. Financially I have gotten strange checks

from the federal government telling me if I don't claim it the state will keep it. The same came from my former car insurance, a check of over \$6,000.00 dollars. My former job since 2010 sent me an apology letter two months ago for some money they were owing me. My wedding was big without spending nothing from my pocket. This ministry has bought financial breakthrough into my life, ministry and family. I know no lack in the mighty name of Jesus. I have never sowed or given to this ministry without reaping trillion fold. Spiritually, I grew like the wings of an eagle. I used the book on "Esther Progressive Prayer Fast" to make connection to my wants. I have become more beautiful and favored than Queen Esther and all my heart desires are met. Thanks to Mama Felicia and Papa Pastor Asongwe through whom I came to know Mama Pauline. This was a divine and biological connection which only God can ex-

REV. BENJAMIN BOAKYE

To give a testimony of Dr. Pauline Walley-Daniels requires the combination of virtues and Christ like character in order to arrive at the true picture and reflection of the life inherent in Dr. Pauline Walley-Daniels. In my capacity as a humble servant of the most high and a leader in the African Community, I reserve the right to give a concise and vivid impression of Dr. Pauline Walley-Daniels. I have known her as a dynamic itinerant servant of God, whose irrepressible qualities confirm her capacity and potential for a greater and higher service for Our Lord and Master Jesus Christ. Since the first day I knew her, she has never rested in terms of serving God, a selfless person as far as devotion

to the Lord's work is concerned. Her high level of spiritual acumen is attributed to her prayer time and study of the Word Of God. She does not shy away from identifying herself with the body of Christ. She grants little or no respect to denominationalism which threatens the very foundation of the church. She has always given higher premium to grassroot evangelism which entails carrying the Message of deliverance to the doorsteps of captives that are in bondage all over the world. She is really an anointed woman of God who can undergo a systematic course of preaching in the demonstration of the power of God, rightly dividing the word of truth anywhere to make the thirsty souls be fed and that has eventually established her as a worthy instrument of the Great High Priest of the Lord Jesus Christ to use. In my vivid description of her personality, I must add that, by nature, she is well

arranged in terms of human submission to authority. She is ready to learn and to achieve higher performances for herself in any capacity of responsibility given to her. She is a selfless person who will go an extra mile to help or put other people's needs first rather than her own. Dr. Pauline Walley-Daniels has been of tremendous help and inspiration to many of the people of this community and the whole wide world. I shall therefore not hesitate to hail and certify that, indeed she is very great woman of God who has touched the world with her life and ministry and has definitely made it a better place for mankind to dwell. Thank you. Humbly submitted,

I am so thankful that God connected me with Dr. Pauline Walley-Daniels nearly six years ago, she is a friend to me and my ministry. I have known Dr. Pauline Walley-Daniels for over a decade. I first met her through her book on Deliverance. I was tremendously inspired by her book and have followed her ministry since. She is an ordained prophetic-evangelist, who teaches the word of God with power. Through her ministry in the U.S, U.K, Ghana & several other nations she has taught the unadulterated word of God, bringing deliverance to many who needed to be set free from demonic oppression, She has

pursued academic excellence & has sought to transfer the knowledge & experience by training others through Leadership & deliverance schools she has set up. She is a blessing to me & her generation.

TRIBUTE TO A GREAT FOUNDER: Dr. Pauline Walley-Daniels

"I commend to you our sister Phoebe, a servant of the church in Cencrea. I ask you to receive her in the Lord in a way worthy of the saints and to give her any help she may need from you, for she has been a great help to many people, including me." (Romans 16: 1-2 NIV).

As we celebrate the works of our great founder and leader, it is befitting to salute Dr. Pauline Walley-Daniels for her unwavering commitment to the cause of Christ. Many have benefitted immensely from her Godly wisdom and discernment. I always admire her love and passion to the troubled souls.

Beloved, we all know something else about Dr. Pauline Walley-Daniel. She

doesn't just look around and see things that need attention, she takes action. We all see the same things that Dr. Pauline sees. There are jobs that need to be done, problems that need to be solved. And as we look at those and think about our busy lives, we most likely say to ourselves, "Somebody will take care of that" and it is a resounding Yes, Dr. Pauline is the person who does something.

In the missionary field, Dr. Pauline is a frequent traveler to the nations in South America, West Indies, Africa, Europe, Asia, and around United States spreading the gospel to the needy. She organizes seminars and workshops to enlighten prospective Pastors and Ministers of the gospel.

Dr. Pauline's relationship with people during ministrations is awesome, she does it with passion and affection which

has earned her the name "Great Mama" because of the love and care she always demonstrates during ministrations.

I must say, Dr. Pauline Walley-Daniels is an epitome of courage, strength and ever-increasing entrepreneurial germ. For all that I know, she is a person of principles and has never compromised her core Christian values, which I understood were inculcated into her by her strict and highly disciplined parents. Additionally, she has excellent written and verbal communication skills, is extremely organized, reliable and computer literate. Dr. Pauline can work independently and is able to follow through to ensure that jobs are done effectively, efficiently and with very positive attitude.

Once again "Ayekoo!" or well done my sister in Christ.

Dr. Pauline Walley-Daniels, you are more than a Founder, you are a chosen vessel of God. A vessel that was prepared before the foundation of the world to carry the good tidings of Christ Jesus our Lord. A vessel that was prepared to stand against the tide of evil and to expose the wickedness of the devil and his cohorts. You are a vessel that was prepared to bring deliverance, peace, and sense of worth to the people of God. To God, you are a Vessel; to us, you are a Founder.

Just like Eunice and Lois, the two strong pillars in Timothy's life, you have set an immense example for womanhood by being a pillar in the lives of many young believers just like us. Even as distant recipients of your ministry, we have come to value your great and valuable model of nurturing in faith and diligence in professing the right doctrine - God has made you a fortress and a true epitome

of a Godly woman in our generation. We bless God for your life and pray that, "As you have shown us kindness and same to others, you will also receive kindness bountifully! May your days be lengthened, and may your head never lack God's oil of renewal and gladness." Barry King, (Phoenix, Arizona) and Josephine (Lyon, France)

She is a Loving Mother, who always patiently listens and gives us Godly counsels, doesn't hesitate to rebuke us in Love, stand to support and encourage in times of trials, sicknesses, pain, discouragement; always interceding and standing in the gap for us and our families. Constantly there for us, putting her own

needs and burdens aside. Has also been the reason that, we are still married today, because of her constant encouragement, uplifting and Godly counsel. We respect and Honor her for constantly and tirelessly building, encouraging, educating, and mentoring us to step into our Divine calling and Destiny. ordained woman of God, who eats, drinks, breathes and sleeps in prayer. It is not difficult to fall in love with her and her passion for God is infectious.

As God will have it I have had the opportunity of travelling with her to different parts of Africa and Ghana in particular, organizing The School of Deliverance and later, the School of Prayer, the Schools of Mentoring and Leadership and the School of Prophets. This has afforded me the opportunity to witness first-hand the unique anointing upon her life and the immense influence she has on people and the respect accorded her wherever we went.

REV. SHARON JEAN

I was first introduced to the ministry of Dr. Walley Daniels in the early 2000 through a three day teaching on Deliverance at my local church, Christian Ministries Fellowship.

At that session I remembered Dr. Walley teaching and ministering on Isaiah 61 and how it relates to the ministry of deliverance. One of the things that captured my Spirit was deliverance is Salvation. Hearing that word released Freedom in me and still remains and resonates in my spirit many years later.

The next step of becoming more acquainted with the ministry was through my mentor Gladys Martin who was a hostess for a conference held at the Crown Plaza Hotel near JFK Airport where there was a large turnout of attendees. I could still see it today it felt like a cloud had hovered over the room and in my hindsight the room felt like I was in a daze. Today as I write this with more clarity and understanding of things of the spirit it was really a glory cloud and at that time I did not have the spiritual knowledge to recognize what it was.

After the conference I would occasionally interact with Dr. Walley through her occasional visits to our church as well as my periodic Saturday visits to Overcomers

house where I would witness people being set free and release from spiritual bondage and deliverance from demonic oppression. Many times I would see individuals near death doors and in a couple of weeks you would begin to see through them the awesome power of God and his handiwork, how he uses His Servant Dr. Pauline Walley.

I remember I was asked by a friend to pray with a young woman whose husband was ill and was also experiencing demonic oppression. We would pray, however I realized we needed stronger reinforcement and I consulted with my friend who had asked me to pray with her, and the only person who we knew we could find help from this case was Dr. Walley. So we did, and I am here to say that despite all the horrific powers involved in this case through the deliverance ministry of Dr. Walley and the ministers of Overcomers House this young woman is now living a successful life today through the awesome power of God at work in the deliverance ministry of Dr. Walley.

Having witnessed and experienced the deliverance ministry, and after the passing of my mentor, now God is using me to mentor others and have them read Dr. Walley's book on mentoring. I decided to attend the mentoring class along with others on

Dr. Pauline is a woman of God, a great vessel for these end-times, a Pioneer and Trailblazer. You have dared where others feared to tread. In a solo effort you have impacted not only the present generation but also the future.

On this occasion, I join the numerous cloud of witnesses to say Ayekoo -well done. You have played your role and continue to. God richly bless you and I love you.

Prayer and the Ministry of the Holy Spirit, as well as attend the yearly World Conference where intensive teaching training ministry and empowerment is received.

Through the many intensive trainings and my fellowship in the ministry and especially after my ordination in 2008, the Lord began to use me in this area as well. Glory be to God in the Highest.

As a result of my fellowship with PWEM, the ministry has embraced me as member and daughter of Overcomers House for which I am always included as an integral part of the ministry. I am proud to be an Ordained, Licensed and Affiliated minister under this ministry. However, be prepared to receive some Ginger from Momma Ginger as she is affectionately called and known by loved ones.

aries, pastors, and church leaders.

Your ministry of teaching, preaching, counseling, and interceding for God's precious people is not only felt among your own Ministry but many ministries and nations. Many who know you well, will certainly agree with me that your passion is to help and equip people to recognize, understand, fight, and break loose from all generational curses and enjoy their God given life.

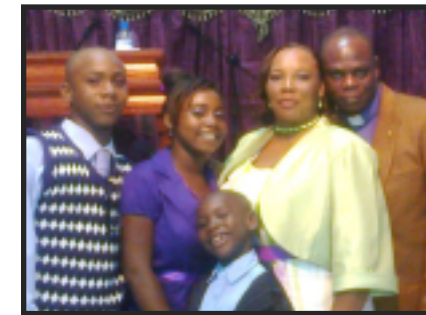

Of course as the President of the Faithful Ministers Fellowship of New York, which you are part, I am very much

grateful to the Lord that we have you. In spite of all your accomplishments, you remain very humble, faithful, trustworthy, and a dependable colleague in ministry. You are an encourager, motivator, a mentor, and supporter to many ministers and their ministries. Many world leaders and business entrepreneurs have also benefitted from your God-given teaching and mentoring prowess which are unsurpassed.

May the Sovereign Lord who has called you to this higher calling be with you. May He lavish on your life, family, and

the Ministry grace, wisdom, good health, godly prosperity, and anointing to finish the task entrusted unto you. His Word asserts, "Faithful is He that calleth you, who also will do it," (I Thess.5:24). Surely, the Lord will finish what He has started in you.

Two years ago I was privileged to have a mighty woman of God in the person of Dr. Pauline Wally-Daniels grace my path. In March, 2014 we met again at

REV. KWAME DORIS, GUYANA

Joyfest Caribbean Conference which was held in Guyana of which she was one of the speakers. Being a member of Joyfest Caribbean Committee and chairman of the Local Organizing Committee (LOC), I was extremely blessed, sitting under this distinguished prophetic woman of God who impacted not only my life and ministry but all those who sat under her ministry during Joyfest.

As a result I was propelled to invite her to speak at my birthday celebration. Her

name continued to be echoed among members of our local ministry, because of the simplicity, grace and anointing upon her life. I applaud and salute this woman of God who is full of energy and will continue to grow from strength to strength, faith to faith and from glory to glory.

SPIRITUAL SONS AND DAUGHTER

DR. DAVEY WRIGHT

My name is Davey Wright. I met Dr. Pauline Walley-Daniels, mom, in Atlanta, GA in 2004 when she came to minister at Glory House World Church. One of the things that distinguished her from other ministers was her practical demonstration of the message backed by the Power of GOD, seasoned with Love and Purity without compromise or pretext. Her emphasis was, about humility and the prac-

tical application of the Word and Ministry of Christ in our everyday lives. I distinctly recall her bouncing a basketball as she preached the Word of GOD with simplicity and Love. Then to my surprise, this beautiful, sweet, lady that was all smiles transformed to a Warrior Prophet as she started prophesying and performing deliverance as the Holy Spirit led her. As the LORD would have it she was led to minister to me. She told me things that no one had ever told me about my situation at that time. Due to the gravity of my situation with school, ministry, and my marriage she put me on a 7-day fast complete with instructions

and prayer points. As I look back on my life, I know that that is one of the pivotal moments in my life. I recall praying and fasting intensely, as I drew closer to my Father for the greater part of that year. It was during this period that I decided to go to medical school and pursue my destiny. I have faced numerous challenges since then but my GOD is Glorious and All Powerful. Despite the delays, I gained admission into medical school the following year. I was presented with numerous obstacles and challenges such as divorce, betrayal from the 'church', financial difficulties, depression, anger,

disappointment, etc. They almost forced me to quit, but, the Grace of GOD in me would not have it so. I went back to my Father even though I had sinned and disobeyed HIM. I forgave others when I did not want to. I accepted correction and reproof even when it was not pleasant because I was wrong and I was in sin. I refused to quit, I refused to turn my back on my Father. I meditated on my lifeline, the WORD, about the Love of GOD, Holiness, forgiveness, vengeance, disappointment, lack, fear, doubt, unbelief, and anger. I made allowance for the short-comings

of those around me, my pastor, my brothers and sisters in Christ my close friends, and family. The WORD came alive in me. I overcame by the Blood of the Lamb and by the words of my testimony. I lost touch with mom at some point during this period but GOD, reconnected us in 2012. She ministered Grace back into my life. I told her about my journey I finally graduated from medical school in 2013. In addition, GOD exceeded my expectations and allowed me to graduate with 3 master's degrees and a certificate. I was also blessed with my son in 2013.

To crown it all, my cousin and I attended the S.O.D. Prophetic World Convention in New Jersey. It was filled with teaching, praying, deliverance, and prophesy. I encourage everyone to attend. This was a ground breaking experience. At the end of the program, I received a big 1000-fold financial breakthrough and my cousin got a job after being unemployed for almost 6 months and more. Since then GOD has really been faithful. HIS Grace and Favour has sustained me through all the challenges I've had to face. Glory be to GOD.

SHEILA TYNES

I have had the pleasure of knowing Dr. Pauline Walley-Daniels for over 10 years. During that time, she has had a tremendous impact on my life as a spiritual mother and as a friend. I remember the first time I met Dr. Pauline. It was at a weekend retreat organized by my church. She volunteered me in her demonstrations and asked that I assist her with various tasks during the weekend. I didn't know why at that time but I was eager to serve. I was intrigued by her dramatized preaching style. She spoke with passion and experience. Above all, I noticed she had a passion for deliverance, prayer and intercession. From that time, Dr. Pauline has been intimately involved in various aspects of my life. She always encouraged me to

go for the best. Dr. Pauline's books have been a great source of encouragement to me for many years. I especially love the songs and poetic expressions that accompany her writing. The real life stories and examples in her books make it easy for readers to relate and find solution to their own problems. One area of her life that has always been a great testimony to me is how she met and married her husband Pastor Fred. The story of how they met and how he proposed to her shows that it was truly God who brought them together. I was honored when Dr. Pauline asked me to be the maid of honor in her wedding. It meant a lot to me and was a blessing for me to be part of her big day. I know that on that day, God sowed a seed in my life of what would eventually become a marriage testimony in my own life. One of the most recent and most memorable interactions I've had with Dr. Pauline was on my wedding day. Dr.

Pauline drove more than 4 hours the night before just to make sure she was there for me on one of the most important days of my life. She was there with me when I was getting dressed and prayed a heartfelt prayer in presence of my family and my bridal party as my crown and veil were fitted on my head. One of her deepest prayers for me has always been that God would bless me with a husband of my choice. I was blessed to have her present on the day I took my wedding vows. I believe Dr. Pauline's success in ministry can be attributed to her devotion to the Word, to prayer and to fasting. She lives a fasted life and teaches those in her ministry to do the same. She is a great mentor, and leader. Everyone who has been in contact with her ministry has never been the same. I wish Dr. Pauline and Pastor Fred many more successful years of ministry.

REV. SOLOMON TETTEH

It was September of 1999, my second visit to the US. Coming from Jersey City to New York and the Bronx, the instruction had been clear, Train #2 uptown, which was stressed over and over again. So I came and met a Jewish lady in deep intercession who invited me to join her, and then

I knew I had come to a House of Prayer. Then she walked in, and that was our first meeting and a genesis of a relationship which exists till today. Dr. Pauline is loving, respectful, humble, God fearing, dedicated, trustworthy and a heavenly
